DUNE RIDGE ESTATE – WATER TANKS ON THE ESTATE

Ref: N208

30 January 2018

Dear Resident/Owner

RE : WATER TANKS ON THE ESTATE

On behalf of the Board of Trustees and Estate Management, we forward the following for your urgent attention:

We understand that during this water crisis residents are looking at alternate ways to save and/or recycle water, which may entail the installation of tanks on your property.

The Trustees are aware that we are all in this crisis together and understand that water saving measures are being undertaken at different time frames on the individual even.

However, we remind residents that the estate has a certain aesthetic look which must be maintained for the benefit of all. Accordingly, and to be pro-active and avoid further costs in the future we request all current water tanks and newly installed ones are hidden from street view.

We are hopeful that the drought will pass and when that happens we would like to prevent owners from having to strip down unsightly JoJo tanks and move them to a different location. We thank you for your co-operation in this matter.

Yours sincerely

Yvonne Green
